ABOUT US

Managing Director – Mr. Gagan Sharma

Business Activities – sales and distribution of all kind of active and passive electronic components, and semiconductors

ABOUT US

We started as a manufacturer of plastic and Sheet Metal parts to major Automotive TIER-1 in early 90's.

With Girikunja we ventured into next-generation solutions with end-to-end design, development, distribution, logistics & Stocking – all under one roof for our customer.

OUR SERVICES

Comprehensive Sales and Distribution Services

We specialize in the sales and distribution of a broad range of electronic components, including relays, connectors, terminals, and semiconductors. Our strategic approach involves:

Customer-Centric Solutions

Conducting thorough analyses of customer products to recommend suitable components for various applications.

Partnering with authorized distribution channels to supply a wide range of BOM (Bill of Materials) parts, thereby optimizing customer resources and reducing costs.

Logistical Expertise

- ✓ Ensuring timely and optimal delivery of customer-required items.
- ✓ Maintaining a safety stock based on customer recommendations to effectively manage demand fluctuations.
- ✓ Sourcing and delivering hard-to-find components.

Temperature-Controlled Storage

Operating a temperature-controlled warehouse to ensure the proper storage of all types of electronic components.
